Studying abroad? Arrange your *health insurance* before you go

Are you a student from Bonaire, St. Eustatius, or Saba? It's important to be aware that once you deregister from your island, you'll likely no longer be insured through ZJCN.

No insurance means high costs or fines!

What should you do?

- ✓ Get a temporary insurance before you leave
- ✓ Secure health insurance upon arrival in your study country
- ✓ Discuss this with your parent/guardian
